ACRO SERVICE CORPORATION

DIGITIZING

AGING & LONG-TERM CARE SERVICES

Sector: Senior Services / Human Services

SOLUTIONS

- Developed an end-to-end aging information system with **fiscal tracking, resource integration, and performance dashboards**
- Provided **interfaces with area agencies** and **secured cloud hosting**

CHALLENGES

A State Agency on aging needed an integrated solution to track service enrollment, provider management, and federal reporting for senior care programs

RESULTS

- Increased operational visibility for administrators
- Automated intake and service planning
- Met federal NAPIS and ADRC reporting requirements
